

# Making Connections Milwaukee Neighborhood Map 11: Near West Side Comprehensive Planning Area

The Near West Side Plan ([www.mkedcd.org/PlanUpdates/NearWestUpdate.html](http://www.mkedcd.org/PlanUpdates/NearWestUpdate.html)) is a comprehensive planning effort prepared by the City with the cooperation of community organizations. It is intended to serve as a policy guide for physical growth and private investment and development. The plan will address residential, commercial, public areas, and transportation needs, and will provide the framework for modifying the City's zoning ordinance.
